

The scatter plot displays the distribution of four classes (g, r, i, z) across three regions. The x-axis ranges from 56400 to 57400, and the y-axis ranges from 0 to 100. The legend indicates: g (purple), r (blue), i (green), and z (orange). The plot shows three distinct clusters of points, each containing a mix of the four classes, with some outliers.
